

I have been listening to K-LOVE for about 4 years. I listen to it daily at work, traveling in the car, and at home. The music and devotionals help keep me focused on good, honorable things. It's a link between myself and my children. I believe that K-LOVE helps the community as a whole, and will be sorely missed. When we travel, we look for other K-LOVE stations to listen to. Thank you for your time and consideration.
